# KIS Photo-Me Group: The worldwide photobooth expert

The Photo-Me Group has 41800 vending locations worldwide and is the **world's leading operator of photobooths**, with 21000 sited.

The KIS range of photobooths fulfils the need for identification photographs which satisfy the **technical requirements** for passports, driving licences, identity cards and the like. Photobooths are an efficient and competitively-priced provider of ID photos and represent a **stable and cash generative business**.

## Our technical know-how

KIS Photo-Me Group makes available its expertise in photo vending to your own business. Our photobooth range is specially designed for operation in rough non-supervised environments with a specific anti-vandalism conception. With a simple maintenance, built-in means of payment and a large printing autonomy, our photobooths offer a service for customers with maximized availability. Our whole range benefits from a chemistry-free process to minimize your operation costs.
